

## **Hub E-Bike Riding Group.**

Our State Government's recent relaxation of social distancing rules has now allowed outdoor exercising and gatherings up to 10- but with the appropriate 1.5 metre distancing. It gives us an opportunity to gently restart our regular HUB E-Bike experiences....but only for those that feel comfortable.

Two opportunities exist each week for anyone wishing to participate-

1. **Wednesday 9.00-11.30 morning rides** that involve a ride around our rivers or the Mundaring Rail Trail. These rides involve participants travelling to a pre-determined starting point on their own. This Wednesday that would be where the outdoor cinema operates in summer in front of the Crown Casino at Burswood for a 9am departure.
2. **Saturday 9.00am-11.30am morning rides** that focus on the Kalamunda trails that exist towards destinations like Pickering Brook, Carmel and Victoria Dam. Involves some gravel and dirt trails and not suited to thin tyres. Departure from the Kalamunda Bike Shop.

All rides are subject to weather. Peter Kenyon is currently coordinating the Group. He just needs to know the day before if anyone is interested in participating via text – 0417183719 or email – [pk@nbankofideas.com.au](mailto:pk@nbankofideas.com.au)

Two important supports exist for participants-

1. Kalamunda Bike Shop in Mead St (Hub E-Bike Riding Group sponsor) is offering all our members a 10% discount on repairs and purchases.
2. Membership to the Darling Range Hub is not a requirement, but is strongly recommended – it is very cheap, and membership covers you under our insurance while participating. If not a member, suggest you contact Nigel Miles 0437200668 or [members@drseniorshub.com.au](mailto:members@drseniorshub.com.au)
